To whoever is in charge please note the community adjacent to the roundabout is completely crippled during the onslaught of traffic.

To whomever was in charge of this we say that we really don't want to see any accidents any one injured or killed possibly from the absolutely inept job in placing the roundabout next to the high school.

That said unless and until and under or overpass is put speaking from someone who lives close by off of Waipulani it's a disaster to get anywhere between three and five without a longer line of

Stopped traffic.

Please rectify the situation before it gets any worse... it's chaotic and ridiculous to have this situation.

thank you for your time.
