**Date:** Tuesday, February 7, 2023 12:01:05 PM

---

The new Kihei high school can not be allowed to have students cross the roundabout. It is extremely unsafe. An overpass or underpass must be built as originally agreed to before school being allowed to be build or open. The DOE is stalling and playing stand off expecting it will get approved anyway without rules in place.

This must not be allowed!
