Subject: [EXTERNAL] KULANIHAKO'I High School LUC
Date: Tuesday, February 7, 2023 4:36:54 PM

As a long time member of the Kihei community, I have watched with interest the development of the new high school, and the debate over its opening. I am asking that you consider opening the school for students, and allowing them to be shuttled across the intersection by bus instead of delaying the opening the school for a number of years while an overpass walkway is constructed.

It appears that this issue has become a political debate instead of getting the school ready for occupation. Let's consider our youth and get this done.
