Aloha Chair Giovanni and Members of the Commission,

I am AFAF ABDEL HADI, a parent of a freshman at Kūlanihākoʻi High School in Kihei. I appreciate you taking the time to reconsider the issue of the improvement condition imposed by your Commission in 2013.

I made the decision to send my child to Kūlanihākoʻi High School because it's important for me to support our community and have a high school that is close in distance and convenient for families that live in the kihei area.

Please note our child will be utilizing the KHS "shuttle buses" to bring our child to and from campus, so he will not be crossing the Highway to get to school. and we been all this years dropping off our kids to school and from school even though we live less than a mile from school district and most of families do that for the time and safety for our kids.

Please consider that the kids already started school and they love the teachers and the principal and the staff and got used to the routine that they do every day. They just missing the campus so they feel like a high schooler and get that experience . Please don't take that away from them , every change that happens in their life affects their personality in a negative way .

We are writing to you to consider opening the school for the kids sake and as parents we are going to work with the community to help the kids be safe at all time

THANK YOU FOR YOUR TIME

AFAF ABDEL HADI
