February 28, 2023

Mr. Daniel Orodener
Executive Officer
Land Use Commission
P.O. Box 2359
Honolulu, Hawaii 96804-2359

Dear Mr. Orodener:

Re: 2022/ 2023 Annual Report; Docket No. A90-655; Kapolei West

WT Laulima Holdings, LLC (“Petitioner”) is the new owner of the subject property, and completed the acquisition as of December 23, 2022. The predecessor owner did not submit an annual report in 2022. Therefore, Petitioner represents its knowledge of the property from its due diligence started in August 2022 through closing and to the date of this letter. Petitioner submits this annual progress report representing a status update for 2022/ 2023 to the LUC, the State of Hawaii Office of Planning, and the City and County of Honolulu Department of Planning and Permitting in accordance with Condition 21 of the February 14, 1991 LUC order in Docket No. A90-655.

The subject of this annual report is the petition area that is a part of the “Kapolei West” project. The petition area was comprised of 372.6 acres located at Honouliuli, Ewa, Oahu, Tax Map Key Nos. 9-1-15:18 and portion of 4, 9-1-56: portion of 11 and 9-1-56 portion of 12 (the “Property”).

These conditions to reclassification are reproduced boldface followed by a description of the progress being made to comply with them.

- 1. Petitioner shall provide affordable housing opportunities for low to moderate income residents of the State of Hawaii to the satisfaction of the City and County of Honolulu. The location and distribution of the affordable housing shall be under such terms as are mutually agreeable between the Petitioner and the City and County of Honolulu.**

Note: This Condition 1 was amended by Order Granting Motion to Amend Findings of Fact, Conclusions of Law and Decision and Order dated March 6, 1997.

Petitioner intends to provide affordable housing opportunities for low to moderate income residents of the State of Hawaii to the satisfaction of the City and County of Honolulu. The location and distribution of the affordable housing shall be under such terms as are mutually agreeable between the Petitioner and the City and County of Honolulu.

2. Petitioner shall participate in the implementation of the Ewa Transportation Master Plan (“ETMP”). In the alternative, should the ETMP not be completed on a schedule compatible with Petitioner’s development schedule, Petitioner shall undertake the following on a fair proportionate share basis as determined by the State Department of Transportation (“DOT”):

a. Petitioner shall participate in the funding and construction of transportation improvements at project access points as identified and deemed necessary by DOT.

Petitioner’s predecessor in interest, Aina Nui Corporation, reached an agreement with the DOT on the level of funding and participation in the construction of local and regional transportation improvements in satisfaction of the terms of this condition. The Master Kapolei Highway Agreement (“MKHA”) with the Department of Transportation dated June 1, 2010 was provided with the 2011 annual report.

b. Petitioner shall also participate in the funding and construction of other on-site and off-site transportation improvements necessitated by the proposed development of the Property and in designs and schedules accepted by and coordinated with DOT.

Petitioner’s predecessor in interest, Aina Nui Corporation, reached an agreement with the DOT on the level of funding and participation in the construction of local and regional transportation improvements in satisfaction of the terms of this condition. The MKHA was provided with the 2011 annual report.

c. With respect to the foregoing requirements, the extent of the Petitioner’s participation shall not exceed its fair proportionate share of the increased community impacts in the region.

Petitioner’s predecessor in interest, Aina Nui Corporation, reached an agreement with the DOT on the level of funding and participation in the construction of local and regional transportation improvements in satisfaction of the terms of this condition. The extent of the parties participation with respect to the foregoing requirements was more specifically set forth in the MKHA and should not have exceeded their fair share of the increased community impacts in the region. The MKHA was provided with the 2011 annual report.

d. In the event that the City and County of Honolulu (C&C) adopts an impact fee for transportation improvements, the foregoing requirements shall be satisfied to the extent that the cost of any specific traffic improvement is also included in the C&C’s impact fee computation.

Petitioner intends to comply with this condition 2d.

- e. **Petitioner shall appoint a transportation manager whose function is the formulation, use, and continuation of alternative transportation opportunities that would optimize the use of existing and proposed transportation systems. In the alternative, Petitioner may participate in a regional program for transportation opportunities that would optimize the use of existing and proposed transportation systems. Participation in the Leeward Oahu Transportation Management Association would satisfy this condition.**

Petitioner will comply with this condition 2e.

- 3. **Petitioner will provide other community benefits to mitigate impacts, which may include adequate golf tee times at affordable rates for public play by Hawaii residents based on prevailing rates for public play at privately owned daily fee golf courses to the satisfaction of the Office of State Planning and the City and County of Honolulu.**

Petitioner will provide community benefits to the satisfaction of the state Office of Planning and the City and County of Honolulu.

- 4. **Petitioner shall provide drainage improvements for the Property and shall, to the extent necessary as determined by the City and County of Honolulu, coordinate off-site improvements with the Estate of James Campbell, the Barbers Point Naval Air Station, adjoining landowners and developers, and/or other Federal, State or City and County of Honolulu agencies.**

Regional and project drainage master plans have been prepared and approved. Petitioner is providing and will continue to provide drainage improvements for the Property to the extent necessary, as determined by the City and County of Honolulu, and coordinate off-site improvements with adjoining landowners and developers, and/or federal, state or City and County of Honolulu agencies.

In accordance with the Kapolei West Drainage Master Plan, drainage improvements constructed thus far include a drainage channel; infiltration basin; sediment basin; roadway drainage; and mass grading. The new drainage channel connects to the existing Oahu Sugar Company ditch near Farrington Highway on the north end to the existing Kapolei Harborside drainage basin on the south end. The new sediment and infiltration basin has been installed to meet the City and County's storm water quality requirements.

Predecessor owner designed, permitted and completed significant improvements on the subject property for the Phase 1 extension of Kapolei Parkway, major drainage channel and box culvert for the east side of the property; in the approximate amount of \$17.4M.

- 5. **Petitioner shall participate in an air quality monitoring program as specified by the State Department of Health.**

Petitioner will comply with this condition.

- 6. The Petitioner shall connect the wastewater system for the proposed development in the Property to the Honouliuli Wastewater Treatment Plant (HWTP). Construction of any structure(s) within the Property shall not commence until Petitioner has obtained assurances from the City and County of Honolulu that the capacity at HWTP has been reserved for such structure(s); provided that if the capacity at the HWTP is not sufficient for the proposed structure(s) within the Property, the Petitioner may utilize other alternatives acceptable to the State Department of Health.**

Petitioner will comply with this condition.

- 7. Petitioner shall implement soil erosion and dust control measures during all phases of the development in compliance with the applicable rules and regulations of the City and County of Honolulu and the State Department of Health.**

Petitioner will comply with this condition.

- 8. Petitioner, by itself or together with other members of the Ewa Plain Water Development Corporation, shall develop the necessary water source, storage, and transmission facilities to provide an adequate supply of potable and non-potable water to the Property in conjunction with the development of the property. Non-potable water shall be used for irrigation.**

Petitioner was advised that the Ewa Plains Water Development Corporation was dissolved in 2006. The proposed development will be serviced by a dual-water system supplying potable water for human consumptive uses and non-potable water for irrigation.

- 9. Petitioner shall be responsible for implementing sound attenuation measures to bring noise levels from vehicular traffic in the Property down to levels in compliance with the applicable State Department of Health standards and in cooperation with the State Department of Transportation.**

Petitioner will comply with this condition.

- 10. Petitioner shall disclose in its deeds to all initial purchasers of residential units in the Property: (a) the possible odor, air, noise, and dust pollution resulting from Farrington Highway, Barbers Point Naval Air Station, Honolulu International Airport, neighboring developers, and any adjacent agricultural operations, and (b) the Hawaii Right to Farm Act, Chapter 165, Hawaii Revised Statutes, which limits the circumstances under which pre-existing farm activities may be deemed a nuisance.**

Petitioner will comply with this condition.

- 11. Petitioner will provide covenants in the deed to initial purchases releasing the State of Hawaii and the United States Government or any subdivision thereof from all liability, and provide that such initial purchasers will not file suit against the State of Hawaii and the United States Government or any subdivision thereof on account of, or resulting from, any inconvenience, disturbance and/or injury due to noise under 65 Ldn in the area affecting such occupants or their property. Such covenants shall run with the land.**

Petitioner will comply with this condition.

- 12. Petitioner shall immediately stop work on the impacted area and contact the Historic Preservation Division, State Department of Land and Natural Resources should any significant archaeological resources such as artifacts, shell, bones or charcoal deposits, human burial, or rock or coral alignments, paying or walls of historic or prehistoric significance be encountered during the development of the Property.**

Petitioner will comply with this condition.

- 13. Petitioner shall comply with “The Eight (8) Conditions Applicable to This Golf Course Development”, prepared by the State Department of Health dated April 1990 (Version 3), introduced as the Office of State Planning’s Exhibit Number 2.**

Petitioner will comply with this condition should a golf course be developed.

- 14. Petitioner shall engage the services of a qualified golf course manager to oversee the irrigation of the golf course and application of fertilizers and pesticides to the golf course within the Property and who shall be qualified in the application of fertilizers and pesticides on those areas.**

Petitioner will comply with this condition should a golf course be developed.

- 15. Petitioner shall provide its fair proportionate share for school facilities as may be required by and to the satisfaction of the State Department of Education and the Office of State Planning.**

An agreement with the Department of Education (“DOE”) had been reached between Petitioner’s predecessor in interest and the DOE on Petitioner’s fair proportionate share for school facilities. As part of the agreement, Petitioner will set aside land for an elementary school within the Property. A copy of the executed fair share agreement was provided in a previous annual report.

- 16. Petitioner shall provide its fair proportionate share for police, fire, park and solid waste disposal as may be required by and to the satisfaction of the City and County of Honolulu.**

Petitioner will comply with this condition.

- 17. Petitioner shall participate with City and State civil defense agencies, with U.S. Department of the Navy, and with adjoining landowners and developers in formulating and implementing an emergency preparedness and evacuation plan for the Property. Petitioner shall fund and install the necessary number of emergency siren units (including infrastructure) within the development area to the specifications and satisfaction of the State Office of Civil Defense.**

Petitioner will comply with this condition.

- 18. Petitioner shall complete the development on the Property in substantial compliance with the representations made before the Land Use Commission. Failure to so develop may result in the Land Use Commission taking any action authorized under, and pursuant to Act 261.**

Petitioner will comply with this condition.

- 19. Petitioner shall give notice to the Land Use Commission of any intent to sell, lease, assign, place in trust, or otherwise voluntarily alter the ownership interest in the Property covered by the approved Petition prior to visible commencement of construction on the Property; provided, however, that Petitioner may transfer ownership in the Property to an affiliate or joint venture of which Petitioner is a member or in a manner consistent with prior representations to the Land Use Commission, and may mortgage the Property at any time without notice to the Land Use Commission. A mortgagee under such mortgage may foreclose the mortgage, by judicial foreclosure or under a power of sale contained in such mortgage (provided notice of the date of such foreclosure sale is given to the Land Use Commission), or may, with notice to the Land Use Commission, acquire title to such Property in lieu of foreclosure and the mortgagee or the person acquiring title at such foreclosure or in lieu of foreclosure may also transfer title to the Property with notice to the Land Use Commission.**

A Notice of Sale was filed with the Land Use Commission on October 31, 2016. Petitioner has not made any land transfers since acquiring the property. Any future land transfers will be reported to the Land Use Commission in compliance with this condition.

- 20. The Commission may fully or partially release these conditions as to all or any portion of the Property upon timely motion and upon the provision of adequate assurance of satisfaction of these conditions by the Petitioner. Adequate assurance of satisfaction may be evidenced by execution of a certificate of satisfaction in recordable form stating that such condition has been satisfied, in whole or in part. The Office of State Planning will certify for itself and all state departments and agencies. Petitioner will obtain any applicable certifications from the appropriate county departments and agencies. Any other party to the boundary amendment proceeding may be asked to indicate whether they concur in the certification of satisfaction.**

Petitioner will comply with this condition.

21. Petitioner shall provide annual reports to the Land Use Commission, the Office of State Planning, and the City and County of Honolulu, Department of General Planning in connection with the status of the subject project and the Petitioner’s progress in complying with the conditions imposed.

Petitioner is herewith submitting the Annual Report to the Land Use Commission, the State of Hawaii Office of Planning and the City and County of Honolulu Department of Planning and Permitting to show the current status of the subject project and the progress in compliance with the imposed conditions.
