Land Use Commission  
POB 2359  
Honolulu, HI 96804

Subject: KATV vehicles on Grove Farm Land - Kauai  
From: Marge Freeman - Kauai

Dear Commission Members,

Thank you for your diligence in looking into the violations by the KATV vehicles on Grove Farm lands on Kauai. It seems clear that structures were built without permits and proper care for the health and safety of the people involved was not protected.

I hope as you continue to look into this matter you will not only give all the parties involved a sever reprimand but will also level fines to act as a deterrent to future developers who are tempted to try to ignore or to get around the law.

Sincerely,

Margery Freeman  
6448 Kaahele St.  
Kapaa, HI 96746
