State Land Use Commission
P.O. Box 2359
Honolulu, HI 96804

Subject: Kaua'i All Terrain Vehicles & Grove Farm

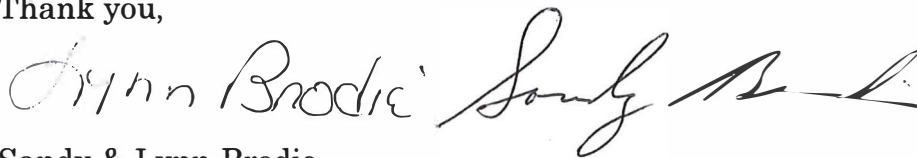

Gentlemen:

While we support the productive use of agricultural lands, it is essential that those approved users comply with all applicable laws and regulations, including the acquisition of proper use permits.

In the case of the subject entities, it appears there has been unauthorized construction and excavation on agricultural lands. This was clearly revealed in the Garden Island news article of July 13, 2007.

We request your full investigation of this matter followed by punitive action and corrective measures where appropriate.

Thank you,

Sandy & Lynn Brodie,
