Aloha Land Use Commission,

Thank you for allowing me to provide comments on behalf of myself and constituents of Council District 8 in North Kona.

It has been approximately forty years since the original approval by the Land Use Commission. Another ten-year extension is not necessary.

I believe that the Land Use Commission should uphold its decision to deny the extension of time to 2033, however, if changes are to be made, it is my position that no extension should be approved for further than three years, as is recommended by the State Office of Planning and Sustainable Development.

Thank you for your time and attention.

Sincerely,

---

District 8, North Kona
