

Ref. No. LUC 65

July 6, 1962

Mr. Harry Y. H. Kim
378 N. School Street
Honolulu, Hawaii

Dear Sir:

With regard to your application to the Land Use Commission for Special Permit, may I inform you of the following:

A recent ruling by the Attorney General of the State of Hawaii has stated that the Land Use Commission's regulation requiring a minimum lot size of five acres in the Agricultural district is not in effect, and that the power to determine lot size is specifically reserved to the Counties.

Since your petition is a request for variance from that particular section of the Interim Regulations of the Commission, we are returning herewith your application and filing fee of fifty dollars (\$50.00).

Very truly yours,

R. J. DARNIEL
Executive Officer
