Dear Mr. Visitacion:

This is to apprise you of the status of your application for Special Permit which was heard before the Land Use Commission on March 5, 1963 and action taken for deferment on March 29, 1963

As you know the members of the Land Use Commission were not confirmed by the last legislature and are no longer in office. Therefore, final action may not be taken on your application until such time as new members are appointed.

Additionally, however, the last legislature passed a bill, presently awaiting the Governor's signature, which amends Act 187 and reworks the Special Permit procedures. Because of this new bill there are now two possible courses of action open to you, presented below for your consideration:

- (1) You may leave your application in the hands of the Land Use Commission where it will be presented to the new members of the Land Use Commission for their consideration and final action; or
- (2) You may withdraw the application along with the filing fee and then present it to your County Planning Commission for their consideration and action.

*take out same County

When you have decided upon one of the two courses of actions mentioned above, would you kindly notify this office and we will proceed accordingly.

Thank you for your patience thus far. If you have any further questions please contact me.

Very truly yours,
