Request for Extension: Annual Compliance Report for LUC Docket No. SP73-147 (SUP File No. 2007/SUP-6) & CUP-M File No. 2024/CUP-28 Grace Pacific Corporation, Makakilo Quarry TMKs: 9-1-16: 4 and 9-2-03: por. 74 and por. 82

To Whom it may concern,

Grace Pacific Corporation respectfully submits this letter to formally request a 30-day extension for the submission of our combined Annual Compliance Report for the above-referenced special use permit and conditional use permit. The report is currently due on the anniversary date of the Land Use Commission's Decision and Order, September 9, 2025.

The primary reason for this request is to ensure the report is thorough, accurate, and fully incorporates the new requirements of the recently approved Conditional Use Permit (CUP-M No. 2024/CUP-28). This includes cross-referencing data between the state and city permit conditions and finalizing coordination with our third-party vendors for updated aerial imagery and other supporting documentation.

We are committed to providing a comprehensive and compliant report. A brief extension will allow us the necessary time to ensure the document meets the high standard expected by both the LUC and the DPP.

We propose a new submission date of October 9, 2025.

We appreciate your understanding and flexibility. Please let us know if this extension is acceptable at your earliest convenience.

Should you have any questions or require further information, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink that reads "Jarred T. Hernden".
